Dear Sir or Madam,

My name is Dmitry Bashkov and I have graduated from Ural State Law University with a Bachelor's degree in Law. I am currently studying at MGIMO University on a budgetary basis with a specialization in International Financial Law. Over the last few years, my attention has been devoted to corporate law, M&A. Another area of my interest is international and foreign countries tax law. Thus, Proxima Capital Group (PCG) seems to be one of the most suitable places where a lawyer specializing in corporate law may encounter the most challenging and complicated cases. It would be an honor to work under the mentorship of highly-qualified experts in their fields.

Perhaps, it would not be wrong to say that I have not considerable practice experience yet. A few months of internship in the Prosecutor's office and the Investigative Committee can't be considered enough, but one of my best qualities is that I am a fast learner. In the last few years, I've thought to commit myself to corporate and taxation issues and I haven't given up this idea.

Why do you need me? I can't say that I have an incredible professional qualification and I am not supposed to have it just after completing a Bachelor's degree. However, this is the reason why I am applying to your investment firm. This isn't my experience that you may be interested in but my personal qualities and understanding of the above-mentioned branches of law. What is more, I have an excellent command of English due to the fact that I've passed the CAE examination with grade B (C1) which might stand your investment firm in good

stead. Being a team player, I try to do my best to improve team's performance by applying all my knowledge and skills for everyone's benefit. I am a responsible worker and attentive to details. My hope is that you'll give me a chance to prove it. I'm one of those who you're looking for!

It is of paramount importance to mention working hours. I am ready to work half-day (from 8:00 or 9:00 a.m. to 13:00 – 13:30 p.m.) on Monday, Wednesday, and Friday and the whole day on Tuesday and Thursday. All in all, I can devote 30 hours per a week. It should be noted that I need to combine education with work and, for this reason, I suppose the best solution would be to hire me as a trainee-lawyer or a paralegal.

I'd appreciate any opportunity to discuss further my application during the selection procedure. Should you require more information, please contact me via email: prokuror_174@mail.ru or via mobile number: +7 (909)-019-49-77.

Yours faithfully,

Dmitry Bashkov
